"The Race for Quality and Value Has No Finish Line"

Description: Stainless Steel Wire Ties

Stainless steel ties are designed to secure hoses, cables, poles, pipes, and more when harsh environmental conditions may adversely affect the bundling application.

Used where corrosion, vibration, weathering, radiation, and temperature extremes are a concern.

Self-locking, ball bearing mechanism for quick and easy installation, either by hand or by tensioning tool.

Material: Stainless Steel Type: # 304

Status: Active
